### SAFETY TIPS FOR PARENTS

As a parent you play an important role in providing children with a safe traffic environment. You can make a difference by taking the time to follow a few simple rules.

This is how you can help:

- ✓ Please do not park in the bus stop area. This is dangerous as children cannot leave the bus safely and cannot see on-coming traffic.
- ✓ Parking opposite a bus stop is dangerous! Your child will be excited to see you after school and is likely to run across the road to meet you.
- ✓ It's a great idea to meet your child at the bus stop, but please wait on the same side of the road as the bus stop.
- ✓ Slow down when you see a school bus picking up or dropping off children. Remember that children are unpredictable.
- ✓ Discuss the Code of Conduct for School Bus Travel with your children so they fully understand what they should and should not do. Please ask your driver for a copy of the code.

bus and being **real cool!**

### SAFETY TIPS FOR KIDS

- ✓ Be at the bus stop 5 minutes before departure time and wait safely for the bus.
- ✓ When you see the bus coming, stand well back from the road until it stops.
- ✓ No need to hurry - don't push and shove when boarding the bus and be considerate of others.
- ✓ Listen to the driver and follow their instructions.
- ✓ Store your bag safely under the seat or in appropriate luggage areas.
- ✓ Make sure you stay seated and don't wander around.
- ✓ Keep your hands to yourself as hitting and kicking isn't nice. Don't throw items around or outside the window of the bus, this will only cause your driver to make a big fuss.
- ✓ Wait for the bus to stop before standing to get off.

- ✓ Remember blind spots when you get off the bus. Wait until the bus has moved away before crossing the road.
